

Who we are

Grand Stage Company was founded in 1947 to provide quality lighting equipment to the theatrical community of the Midwest. Since then, we have been expanding our product range to include lighting consumables, scenic materials, special FX, and, with the addition of Art Drapery Studios in 1994, theatrical rigging and drapery. Since its beginning, Grand Stage has been a family owned and operated business continuing into its fourth generation. We look forward to developing our product offerings and services to better suit our customers' needs. Known for its 24-hour emergency pager, Grand Stage remains focused on customer satisfaction. If there is anything you need for your show, let us know.

Rental Policies

Shop Hours

Our rental department is open from 9:00 AM to 5:30 PM Monday through Friday. When picking up a rental, please allow a minimum of 30 minutes before closing times for processing paperwork and loading your Equipment. All returns are due back before noon on the day assigned. Pick-ups or returns outside of normal operating hours must be agreed upon in advance and will result in additional charges.

Customer Responsibilities

All equipment is offered for inspection, training in usage of, and testing at the location of pick up. We encourage you to take advantage of this courtesy. Grand Stage will not, under any circumstances, be responsible for any claims or liabilities resulting from the use or possession of any equipment rented from us. The customer's signature on the rental contract is their assumption of responsibility for all items listed on that contract. Please visit our website at www.grandstage.com for a comprehensive outline of our rental policies.

Delivery and Recovery

All items, unless otherwise noted, are quoted with the understanding that you will pick-up and return the items to our rental shop (Will-Call). Grand Stage can provide delivery and recovery service for an additional charge. These charges are based upon the size of order and distance from our shop. These services are for tailgate delivery only and do not include load in or setup.
